

**TITLE: University of Hawaii-Manoa Physical Education Candidates**

---

---

The Hawaii Teacher Standards Board approves the following for physical education teacher education candidates currently enrolled at the University of Hawaii-Manoa:

1. Currently enrolled candidates shall be allowed to complete their State Approved Teacher Education Program (SATEP) in physical education according to the anticipated program completion date for each candidate.
2. The Unit shall submit a report at the end of each semester, beginning on June 30, 2011, to HTSB on the progress being made by the program in its appeal for recognition from the physical education Specialty Professional Association (SPA), the National Association for Sport & Physical Education (NASPE).
3. The University of Hawaii-Manoa College of Education shall not recruit or accept any new candidates for licensure into its physical education teacher education program until such time as it earns approval status from its National Council for the Accreditation of Teacher Education (NCATE) SPA.

The Board takes this action in the interest of the teacher candidates who in good faith entered the physical education program expecting to complete a SATEP that would be accepted as one of the Board's licensing requirements. This action also reinforces the Board's commitment to its SATE standards and review process and the NCATE-State protocol. The Dean of the College of Education shall be notified of this decision within 30 days.
